

INLEXZO™ (gemcitabine intravesical system)

What is INLEXZO?

What is INLEXZO?¹

INLEXZO is a prescription medicine for the treatment of adults with a type of cancer of the lining of the bladder called non-muscle invasive bladder cancer (NMIBC), that has not spread to other parts of the body, and that did not respond to treatment with Bacillus Calmette-Guérin (BCG).

It is not known if **INLEXZO** is safe and effective for use in **children**.

Do not receive INLEXZO if you¹:

- have a tear or hole (perforation) of your bladder.
- have had an allergic reaction to gemcitabine or any of the ingredients in INLEXZO. See the full Prescribing Information for a complete list of ingredients in INLEXZO.

Before receiving INLEXZO, tell your healthcare provider about all of your medical conditions, including if you¹:

- are **pregnant**, or plan to become pregnant. INLEXZO can harm your unborn baby. You should not become pregnant during treatment with INLEXZO. Tell your healthcare provider right away if you become pregnant or think you may be pregnant during treatment with INLEXZO.

Females who are able to become pregnant:

- Your healthcare provider will check to see if you are pregnant before starting treatment with INLEXZO.
- Use effective birth control (contraception) during treatment with INLEXZO and for 6 months after final removal of INLEXZO.

Males treated with INLEXZO:

- If you have a female partner who is able to become pregnant, you should use effective birth control (contraception) during treatment with INLEXZO and for 3 months after final removal of INLEXZO.

- are **breastfeeding**, or plan to breastfeed. It is not known if INLEXZO passes into your breastmilk. Do not breastfeed during treatment with INLEXZO and for 1 week after final removal of INLEXZO.

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements.¹

This information is provided ONLY in response to your request and is not intended as medical advice, to promote the use of our product, or suggest using it in any manner other than as described in the PRESCRIBING INFORMATION. All decisions regarding your medical treatment should be made with your healthcare professional(s). Please contact your healthcare professional(s) to discuss the information in this response.

Please refer to the attached full PRESCRIBING INFORMATION for INLEXZO.¹
